We have also endeavored to involve our community actively in behaviour management by seeking input into discussions and redrafting through a parent forum, several behaviour meetings and also a series of Quadrennial School Review meetings.

We utilised our data to inform before school, after school and lunch duty supervision practices. We completed this process at the end of 2012 and our plan was endorsed by our Assistant Regional Director.

In 2012, the school continued to focus on explicitly explaining to students our behavioural expectations before going into the community arena. Involving parents in their child’s education

Parents are encouraged to be part of their child’s education. Parental involvement is sought in a variety of ways. We encourage parents to attend our P&C meetings, be part of our Creek side Market team, and to be volunteer helpers in classrooms.

We invite parents, teachers and members of the school community to attend our Meet and Greet welcome BBQ at the beginning of the year. We also invite new parents and Prep parents to a morning tea on the front lawn on the first day of school. Throughout the year we host a variety of forums, parent workshops and meetings where parent input is sought and valued. We also invite parents to year level information sessions where curriculum programs, camps and excursions are openly discussed. Parents are also encouraged to participate in parent teacher interviews twice per year. We believe that we will achieve our best outcomes when students, parents and the school are working together.

Student Attendance Distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Our school teachers mark the role twice per day, in the morning at 9am and after lunch at 1.45 pm. When students are absent and the school has not been notified of absences, our teachers try and follow up with a telephone call to the parents/guardians. When there is more than three absences administration also follow-up with families. The follow up is dependent upon people needs as sometimes with telephone connectivity it will be a telephone conversation, at times it is a home visit and at other times it may be a letter from the Principal encouraging parents/guardians to contact the school and discuss the child’s attendance.

We have an Indigenous liaison officer who conducts home visits and helps plan travel arrangement with families. A variety of our school staff, depending upon the need and situation (Guidance Officer, Principal, Deputy, Indigenous liaison officer, teacher) meet with families to offer support strategies if students are concerned or anxious about school attendance. We also help to link parents into the bus transport system. When attendance does not improve with supportive strategies and family meetings we issue letters in accordance with DET policies, SMS-PR-029: Managing Student Absence, informing parents/guardians of their legal obligations. Where possible we continue to try and engage our families by offering supports when non-attendance is an ongoing issue.
