Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Reviewed student data on a short cycle basis to inform and adjust curriculum, resources and pedagogy decisions.
- Built teacher capability in explicit teaching and differentiation through coaching, feedback, classroom observations and targeted professional development.
- Engaged parents and community in meaningful relationships, resulting in mutual and shared commitments by all key stakeholders.
