

# We are Family

Dalby State School is once again gathering information on the brothers and sisters who will one day follow our current students into our school community.

To prepare for our future students we would like you to provide us with information about your child's brothers and sisters who will become part of the future Dalby State School family (**we want to know about children who are not currently school age**).

Please assist us by completing the table below and returning this information to our school's office.

### Family Details:

Non School age Child	Age	Date of Birth	Brother or sister of:	Grade
Eg. Tom Simpson	2	10/7/11	Milly Simpson	5
